

Ognjen Garic – RA156/2016

Situacija: Brisanje predefinisano pregleda.

Problem: Unrepeatable read. Korisnik moze da procita pregled, a da ga zatim admin obrisu. Korisnik zatim dobija informaciju da je predefinisani pregled obrisan.

Resenje:

```
@Transactional(propagation = Propagation.REQUIRES_NEW, isolation = Isolation.REPEATABLE_READ)
public void deleteExpiredPredefinedCheckups(Clinic clinic) {
```
